

Leading Cable Management Solutions

COMPANY PROFILE.

Providing high-quality, reliable cable tray systems for major infrastructure projects across the Middle East.

AB-COPE COMPANY PROFILE v1.0

Abahsain Cope Saudi Arabia Co. Ltd. (ab-cope) is a leading manufacturer of comprehensive cable management solutions based in the Kingdom of Saudi Arabia. Established as a joint venture, ab-cope combines decades of local industrial expertise from the Saleh & Abdulaziz Abahsain Group with international manufacturing standards from T.J. Cope Inc. (USA) to provide high-quality, reliable, and innovative cable tray systems.

Our solutions cater to major infrastructure projects across diverse sectors, including oil & gas, petrochemical, power, water, and telecommunications. Our commitment to quality, safety, and customer satisfaction makes us a trusted partner for engineering and project management needs in the region and beyond.

2024 : Saleh & Abdulaziz Abahsain Group - Meeting Room

2024 : Saleh & Abdulaziz Abahsain Group

Our Heritage

AB-COPE's roots trace back to **1947**, when the Saleh & Abdulaziz Abahsain Group, Saudi Arabia's first electrical contractor began supporting the Kingdom's rapidly expanding infrastructure needs.

In **1981**, Abahsain Cope Saudi Arabia Co. Ltd. was formed as a joint venture with T.J. Cope Inc. (USA), introducing advanced cable management manufacturing to the region. Throughout the **1980s**, the company expanded its local production capabilities with new product lines and modern industrial systems.

By **2000**, AB-COPE completed its transition to a fully Saudi-owned company after concluding its partnership with T.J. Cope/Tyco. The company retained the AB-COPE name, preserving its established identity and engineering legacy.

Today, AB-COPE continues to build on more than four decades of manufacturing excellence, serving major sectors with trusted, high-quality cable management solutions

%100 Saudi Ownership

Full transition to %100 Saudi ownership. AB-COPE name retained for heritage.

Today

Our Vision, Mission & Values

Vision

To be the global benchmark for cable management solutions, driving industry innovation and technological advancement from the heart of Saudi Arabia.

Mission

To be the global benchmark for cable management solutions, driving industry innovation and technological advancement from the heart of Saudi Arabia.

Values

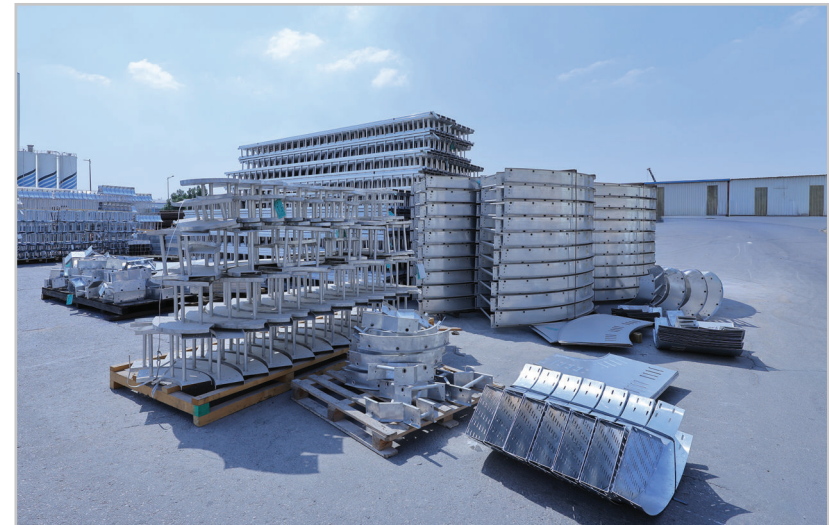

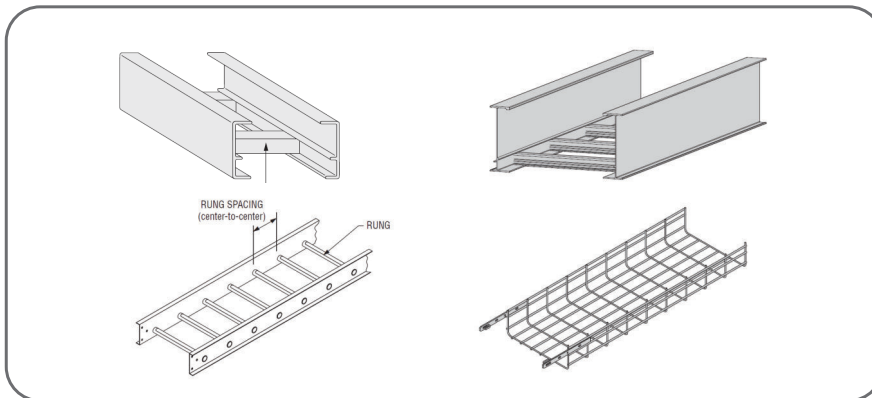

To be the global benchmark for cable management solutions, driving industry innovation and technological advancement from the heart of Saudi Arabia.

Our Products & Services

Cable Tray Systems

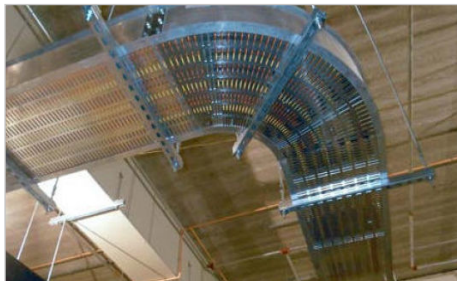

- AB-Cope Swage Ladder (Patented)
- AB-Cope I-BEAM (Heavy Duty)
- AB-Cope Hat Rung (Flange-in)
- AB-Cope Trof (Ventilated & Solid)
- AB-Cope Channel
- AB-Cope Wire Basket (Kwik-Latch)
- AB-Cope Glas (FRP/GRP - Corrosion Resistant)

Our Products & Services

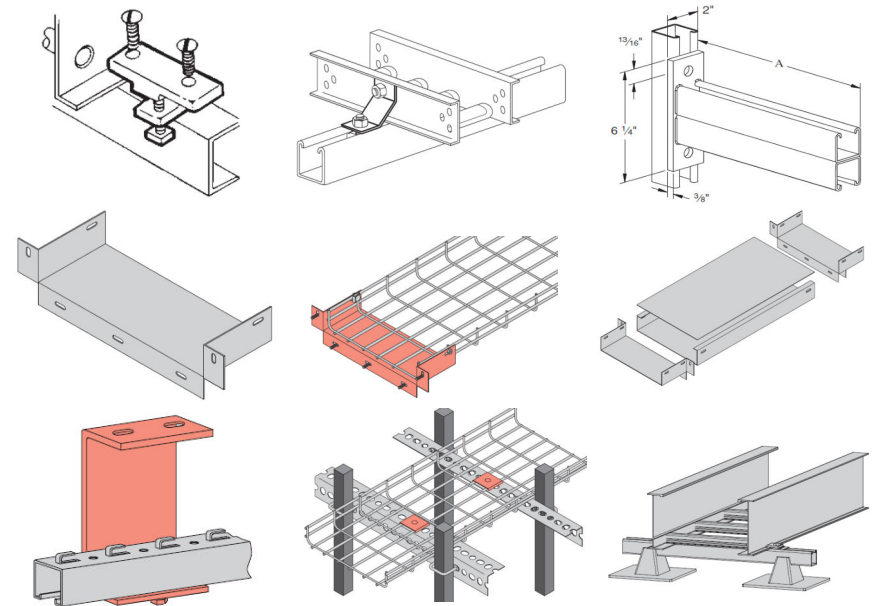

Support & Power Systems

- Unistrut Metal Framing
- Cable Trunking Systems
- Cable Bus System (Power Transmission)
- Busways / Busbar Trunking System
- Cable Runway Systems
- Cable Racks & Hook Systems

Accessories

- Comprehensive Fittings & Connectors
- Covers (Flat, Peaked, Vented)
- Barrier Strips & Clamps
- Hold Down Clamps & Expansion Guides
- Supports, Hangers & Brackets
- Earthing, Grounding & Lightning Protection
- Explosion Proof LED Lighting & Junction Boxes

Manufacturing Excellence & Capacity

Our state-of-the-art facilities in Dammam utilize advanced processes like CNC perforation and cold swaging for superior connections. A key strategic advantage is our **in-house Hot Dip Galvanizing Plant located within the same yard**, ensuring complete quality control and faster turnaround times.

We offer various materials (Aluminum, Steel, Stainless Steel, Fiberglass) and finishes (Mill-Galv., HDGAF) conforming to ASTM, NEMA, and CSA standards. Our approximate monthly capacity is 800-600 Tons.
